Subject: letter of interest for Bay Oaks Advisory Committee

Good morning, Michelle.

I would like to be considered for the open position on the Bay Oaks committee.

I currently live on Fisherman's Wharf on San Carlos Island, am 57 years old, and work with my wife at Krusty Pete's on Old San Carlos. In my "past lives", I have owned, then sold, a software company that developed, and marketed nationally, products for the health care industry. I then leveraged that into what became a national internet service provider, touting the 4th largest dialup network in the country. I have also been the GM of a family owned Sports Facility, as well as being heavily involved with large national youth sports organizations. I was the driving force in bringing a national softball tournament to my former community that brought over 67 million in economic impact to the area.

I have been vacationing here with my family since I was 8, and my wife and I moved here full time in October 2009. I am currently the Chair-Elect for the FMB Chamber of Commerce.

I do want to disclose the business relationship that I have through Krusty Pete's with Bay Oaks, where we print much of their league jerseys and embroider their Staff shirts.

If there is anything else that you need from me to be considered, let me know.

Thank you.

David Anderson

RE: BORCAB Opening

I spent my career working to assist children and their families. I began as a children's case manager in community mental health. In that role I worked with children that had been diagnosed with a myriad of mental illnesses. I coordinated resources and provided a number of services to ensure the youth in my care were served according to their specific needs. I was part of a mental health team that worked together aiming to best serve youth according to their specific needs. I worked one on one with each youth, following a service plan aimed at meeting specific educational, recreational and daily living skills. As a social worker, I found that one of the best strategies to help youth was simply listening and showing compassion.

Following my role as a case manager, I became a Juvenile Probation Officer. In this role, I worked directly with youth, families and the judiciary. I made recommendations to the court for youth that were arrested for law violations. I worked with youth to complete court ordered sanctions. In this role, I assisted in creating goals and action plans, and worked with youth and families in the completion of such. Additionally, I made myself available for youth when they needed to talk, or had questions regarding their probation status. This explanation of my role is extremely condensed, as the position is far more involved in terms of working with youth, families, t he judiciary and the community.

Currently, I am the Chief Probation Officer (CPO) of Circuit 20. As such, I am responsible for all of the probation staff in the five county judicial circuits. My role as a CPO is to work with all of the judiciary, all of the probation staff (I have approximately 60 staff under my span of control), budget analysis, and a great deal of tasks too large to detail in this letter.

My roles above were largely to ensure that youth are always given the best opportunity for growth, and provided services if needed to see growth and improvement. I feel that all youth should be treated with great respect, and communities should work with those youth that may have fewer opportunities than others. I believe that it does "take a village", and as a BORCAB member, I feel that I would be doing my part in our beautiful "village" of Fort Myers Beach.

Thank you so much for your consideration, I sincerely appreciate it.

Respectfully,

Margaret "Peg" LaMarca
