

1. Requested Motion:

Meeting Date: February 18, 2014

Adopt the Town of Fort Myers Beach Stormwater Master Plan as prepared by CDMSmith.

Why the action is necessary:

To put in place the Town's first stormwater master plan pursuant to the Town of Fort Myers Beach Comprehensive Plan.

What the action accomplishes:

Adopts the master plan pursuant to requirements of the comprehensive plan.

2. Agenda:

- Other -

4. Submitter of Information:

- Council
- Town Staff – Public Works
- Town Attorney

5. Background:

CDMSmith provided a draft of the stormwater master plan; Town Council requested that the plan be modified to include estimated costs for stormwater improvements throughout the Town. Those revisions were completed and presented to Town Council in a workshop. Chapter 9 of the Town's Comprehensive Plan provides for a stormwater management program to be put in place. The adoption of the master plan provides the basis of this management program which will need to be updated from time to time based on needs and regulatory requirements.

Now that the Town is moving forward with a feasibility analysis of a stormwater utility it is advisable to adopt an island wide stormwater master plan. Without a master plan in place it may be difficult for the Town's consultants to accurately determine some of the elements that are needed, as the master plan provides the standards and guidance related to the development of a stormwater utility feasibility analysis.

The stormwater master plan executive summary is attached to the Green Sheet from the 2/18/14 work session.

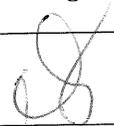

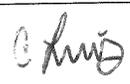

6. Alternative Action:

Take no action to provide direction to staff.

7. Management Recommendations:
