He requested the support of Council for the Mayor to sign a letter on behalf of the Town regarding water quality issues [look at adoptive protocols and risk assessment by the Army Corps of Engineers].

Amy Loughrey, representing the Fort Myers Beach Soccer Club, requested a fee waiver for the Fort Myers Beach Soccer Club's Soccer Camp at the Bay Oaks from July 28th to August 1st.

Public Comment closed.

VI. LOCAL ACHIEVEMENTS AND RECOGNITIONS

Council Member Andre questioned the basis for charging the FMB Soccer Club this year.

Parks & Recreation Director Norton reported last year was the first year the event was under Town control and Town Council did waive the fees last year. He noted the fees were \$50 for four hours and indicated he would get a more accurate fee waiver amount for Council.

VII. ADVISORY COMMITTEES ITEMS AND REPORTS

Audit Committee Rodwell requested Council approve and authorize the additional duties/functions of the Committee as discussed earlier today during the Joint Session/Work Session:

- Monitoring the audit – insuring the audit was on schedule, be aware of potential problems, and illegal acts that required immediate action.
- Review the financial statements prior to the completion of the audit – emphasis was on changes in the financials compared to the prior year.
- Review the results of the audit - in order to understand problems identified by the auditor and to provide background for resolution of problems.
- Evaluate proposed corrective action and insure that corrective action was carried out.
- Evaluate auditor performance – identify and recommend improvements in the auditor's performance (reoccurring function annually).
- Water Utility Policies and Procedures – requested approval for the Committee to be able to complete the policies and procedures Member Steele was working on already.
- Estero Boulevard Stormwater System – financing for the project; investigation by the Committee regarding potential State funding available for stormwater systems.

Mayor Cereceda questioned how the Council should handle the request since it was not an Agenda Item.

Town Attorney Rooney noted due to the requirements of Senate Bill 50 approved last year, as it pertained to public comment, it would be best to bring the matter back at the Council's next meeting in August to allow public comment on the subject policy matter.

Mayor Cereceda indicated the request from the Audit Committee would be placed on the next Council meeting in August.

CRAB Vice Chair Weeg offered a Committee report from their last meeting; and noted they received concerns from two residents about any future work at the Coconut Drive bay access. She reported the Committee also received concerns from a resident on the passive park at Delmar.

MRTF Vice Chair Weeg reported Tom Babcock served on the Estero agency on bay management as a representative of the Civic Association; however, the civic organization no longer existed. She questioned how Mr. Babcock could continue to serve on the Estero agency on bay management.

Discussion was held regarding if Mr. Babcock could continue to serve on the Estero Bay Management Agency and how the agency reported to the Southwest Florida Regional Planning Council.

Town Attorney Rooney recommended that the request be investigated further as it pertained to the Planning Council's charter and the interlocal agreement.

CELCAB Member Smith offered an update of the Board's accomplishments at their May meeting such as but not limited to their Strategic Plan (i.e. scheduling a tentative opening date for the Mound House and museum, determination of volunteers needed, opening of a bookstore, kayak tours, lecture series, etc.). She thanked the Mayor for her participation with the meeting about 216 Connecticut Street.

CELCAB Chair Hill noted that she learned the Mound House historical text developed by the Town's consulting firm was in the process of being finalized for the fabrication and installation on wall panels; and noted the draft text had not been presented to CELCAB for review. She added that CELCAB's historical advisor obtained a copy of the draft text and noted errors and omissions. She requested a halt to the efforts being done by SEARCH Inc. on the interpretative text panels.

Mayor Cereceda requested Town Manager Stilwell meet with CELCAB Chair Hill on the matter.

Discussion was held regarding the tentative operating ad valorem millage rate.

Finance Director Wicks noted the millage rate last year was .7530 and that leaving the tax levy at that rate this year was reasonable; however, in future years Council may want to consider increasing the millage rate a little as more capital projects get underway.

Discussion ensued regarding increasing the tentative operating ad valorem rate now in anticipation of upcoming capital projects.

Finance Director Wicks explained how the tentative millage rate could go no higher than what was set tonight, but could be reduced at the public hearings when considering the final millage rate.

Discussion continued concerning increasing the tentative operating ad valorem rate now in anticipation of upcoming capital projects for aging infrastructure; upcoming fees for residents that were not included in the TRIM notice.

Finance Director Wicks explained when the TRIM notice go out with the same millage rate as last year it would still appear to be a tax increase because property values have increased.

Discussion was held regarding the differences between 'user fees' and 'ad valorem taxes'.

Steve D’Angelis, Manager of Nervous Nellies, requested an ending time of 9:30 p.m.

Mayor Cereceda reported she spoke with LCSO Captain Powell regarding safety issue that could be associated with the event (i.e. traffic). Planning Coordinator Overmyer reported in late April the Town received applications for three new variances to allow for the replacement of non-conforming signs which included a request that the fees be waived. He reviewed prior approval the applicant received to allow a sign 9' 7" in height and 1'7" away from the Estero Boulevard right-of-way.

Town Attorney Rooney clarified that the request before Council was for a fee waiver of the application fees.

Council Member Hosafros noted that the Town was currently in litigation with the applicant.

Planning Coordinator Overmyer reported that the applicant's counsel informed him today that this would be "a partial settlement".

Town Attorney Rooney recommended the Town Council should not grant the fee waiver; and stated he would schedule an Executive Session on the litigation to determine Council's course of action or strategy.

Council Member Hosafros expressed her belief that the matter should not have come before Council due to the pending litigation.

Town Attorney Rooney noted the code allowed for a process of a fee waiver request.

MOTION: Vice Mayor Andre moved to deny the request; second by Council Member Stockton.

Mayor Cereceda questioned if there were criteria for a request to waive fees for a variance.

Planning Coordinator Overmyer explained it was atypical to request a zoning fee waiver.

Town Manager Stilwell discussed the request from the Florida League of Cities requesting a designee for their committees.

Discussion was held regarding Council Member Mandel's earlier indication that he desired to remain as the Town's designee to the Finance & Taxation committee; and it was agreed he should remain as the designee.

Council Member Mandel suggested a 'back-up' person for his role on the committee.

Council Member Hosafros offered to be Council Member Mandel's 'back-up' for the Florida League of Cities Finance & Taxation Committee. She suggested appointing a designee to the Environmental and Natural Resources Committee.

Discussion was held regarding the meeting schedule for the FLC various committees, Council's schedule, and who would be able to attend the meetings for the Environmental and Natural Resources Committee.

Mayor Cereceda stated she would speak with Mayor Ruane of Sanibel about the Environmental and Natural Resources Committee, and she would be the Town's designee if needed. She noted she could not attend the November committee meeting.

Council Member Hosafros offered to be the Mayor's back-up person when she was not serving for Council Member Mandel.

Planning Coordinator Overmyer discussed the "dock issue" at the property located at 391 Palermo Circle and noted a verbal compliance agreement was agreed upon to bring the existing dock into compliance by removing or moving some of the existing dock to meet the required setback. He added this would permit filling in the area where the small access area was located to the width of the dock to meet the definition of a marginal dock.

Town Attorney Rooney added there had been a complaint at the subject property not related this matter the Planning Coordinator described, but led staff to find an existing non-conforming dock that pre-existed the current owner of the property. He reviewed the work done to the subject dock; a 2011 permit; a non-compliant floating dock that would be removed; and the existing dock. He reported there was another issue concerning a fishing pier/observation deck and the matter would come before Council in August for an interpretation of code.

XIII. TOWN ATTORNEY'S ITEMS

Town Manager Stilwell reported the Town was addressing the matter.

Council Member Stockton – pointed out the increased boat traffic that would happen with the Summer Solstice event.

Mayor Cereceda – recapped highlights and summarized the meeting on 216 Connecticut Street. She told of the Connecticut Street neighborhood concerns; the overall opinion of the residents at the meeting was for the Town to sell the subject property; people who later came to her upset that the invitations to the meeting were addressed only to the general neighborhood of the Mound House because “*it was their Mound House too*”. She talked about prior discussions about creating additional parking on the Mound House property. She added that there was about an equal amount of people interested in seeing 216

Connecticut Street left as an open lot as there were people who wanted the site sold. She pointed out it was instrumental that the Mound House had a leader that would bring the project to fruition and that the parking issue was addressed.

Discussion was held regarding the Mound House; 216 Connecticut Street; other potential sites for overflow parking; and commercial intrusion into a residential neighborhood.

Vice Mayor Andre requested 216 Connecticut Street to be placed on a Work Session agenda.

Mayor Cereceda acknowledged CELCAB Member Smith in the audience.

CELCAB Member Smith asked for direction on the matter of the member with the attendance issue.

Town Clerk Mayher explained the Board needed to discuss the matter, take a vote, and then send a letter informing the member of the Board's action.

Mayor Cereceda discussed the noise ordinance and noted Captain Powell believed the ordinance would be a great tool for the Town. She noted that Mr. Nocera, Mr. Durrett, and Mr. Lalo were good resources for CRAB as it related to groups that do annual permits. She indicated that Council would like CRAB to come up with a process to streamline the ordinance and come up with a process for applicants who have annual events that could file an application in a "blanket" way. She discussed her perspective on being 'passionate' about the Town and 'relationships' between current and the prior council members.

Council Member Stockton questioned if the Charter Review Commission had met.

Town Clerk Mayher responded in the negative; and added that they were still working to come up with a mutually convenient date since some members were out-of-town.

Town Attorney Rooney reported an alternate for the Charter Review Commission was not permissible.

XV. AGENDA MANGEMENT

Town Clerk Mayher noted the list included in the Council packet should have had the Charter Review Commission removed; the Seasonal Sign Permits should read "to the LPA"; and questioned if Council intended to bring for the Town's vision, mission statement, and goals at the August 18th meeting for adoption.

Consensus was to place the matter on the next Work Session agenda after August 18th.

Town Clerk Mayher stated she would add 216 Connecticut Street to the Work Session Agenda Management.

Mayor Cereceda noted the Fort Myers Beach Film Commission was given to CRAB and remained on the Council's Radar List; and requested direction from CRAB.

Town Clerk Mayher questioned the status of Outdoor Display.

Planning Coordinator Overmyer reported the issue was on track; and the LPA heard it and made a recommendation to Council which would be presented to Council at their August 18th meeting.

Town Attorney Rooney reported that he would be scheduling an Executive Session on the Lani Kai litigations within the next two weeks.
