Permitting hours expanded to increase service to property owners who are rebuilding after Hurricane Ian

Town of Fort Myers Beach, FL – The Town’s Permitting Desk has increased its hours to better serve residents who are rebuilding after Hurricane Ian.

The hours are Monday through Friday from 7:30 a.m. to 6:30 p.m. and Saturday from 7:30 a.m. to 5:30 p.m. The Permitting Department is on the temporary Town Hall complex in a modular building at 2545 Estero Boulevard. These hours are expected to end on March 29, 2023.

To reach the Permitting Department, email buildingpermits@fmbgov.com or call 239-765-0202 Option #2.

A wealth of updated information about permitting can be found on the Town’s website at www.fmbgov.com. Click on the dark blue sand dollar on the homepage. An extensive document of frequently asked questions is regularly updated on the website and is a good place to start to find answers to many permitting questions.

PLEASE NOTE: Town Hall and the Permitting Department will be closed on President's Day, Monday, February 20, 2023, for the national holiday.
