

RESOLUTION OF THE TOWN COUNCIL OF
THE TOWN OF FORT MYERS BEACH, FLORIDA
RESOLUTION NUMBER 02-08

WHEREAS, Kathy C. Schaller, the property owner, has requested that the Town approve 3 variances in the TFC-2 District (Residential Two-Family Conservation) to allow the following reduction in setbacks to bring a replaced stairway and porch into compliance; 1] From the minimum 7.5 foot side yard setback to allow a 2.5 foot north side yard setback per LDC Section 34-695; and 2] From the minimum 25 foot street setback to allow a 19.4 foot setback on Palmetto Street per LDC Section 34-695 and 34-2192 (a); and 3] from the minimum 20 foot rear yard setback to allow a 17.1 foot rear yard setback per LDC Section 34-695; and,

WHEREAS, the subject property is located at 199 Dakota Ave., Fort Myers Beach, in S33-T46S-R24E, Lee County, FL; and is more particularly described as:

LEGAL DESCRIPTION: Lot 1, Block 3, Gulf Heights Subdivision, Plat Book 6,
Page 39, Public Records of Lee County, Florida.

WHEREAS, the applicant has indicated the property's current STRAP number is: 33-46-24-W1-00203.0010; and,

WHEREAS, the LPA recommended that the Town Council approve the requested variances with the condition that the requested variances are limited to the existing duplex as shown on the site plan (boundary survey).

WHEREAS, a hearing was held and the council considered the following criteria, recommendations and testimony of the staff, testimony from the applicant and from the public.

IT IS THE FINDING of this council that the following exist:

- a. That there are exceptional or extraordinary conditions or circumstances that are inherent to the property in question and that do not apply generally to the other nearby properties in the same zoning district;
- b. That the exceptional or extraordinary conditions or circumstances are not the result of actions of the applicant taken subsequent to the adoption of the ordinance (any action taken by an applicant pursuant to lawfully adopted regulations preceding the adoption of the ordinance from which this chapter is derived will not be considered self-created);
- c. That the variance is the minimum variance that will relieve the applicant of an unreasonable burden caused by the application of the regulation in question to his property;

d. That the granting of the variance will not be injurious to the neighborhood or otherwise detrimental to the public welfare; and

e. That the condition or situation of the specific piece of property, or the intended use of the property, for which the variance is sought is not of so general or recurrent nature as to make it more reasonable and practical to amend the ordinance.

NOW THEREFORE BE IT RESOLVED THAT THE VARIANCE IS APPROVED SUBJECT TO THE FOLLOWING conditions and requirements that are necessary for the protection of the health, safety, comfort, convenience and welfare of the general public and that are reasonably related to the variance requested.

The requested variances are limited to the existing duplex as shown on the site plan (boundary survey), Stamped "Received August 20, 2001."
