If the application is for multiple variances, complete all of the narrative statements for each variance that is requested.

Site plan

The site plan must show all existing structures on the site; all existing structures within 100 feet of the perimeter boundary of the site; and a clear illustration of the proposed variance.

LDC Section 34-87

The guidelines for decision-making regarding a request for a variance are as follows:

1. Whether there are exceptional or extraordinary conditions or circumstances that are inherent to the property in question, or whether the request is for a *de minimis* variance under circumstances or conditions where rigid compliance is not necessary to protect public policy;
2. Whether the exceptional or extraordinary conditions justifying the variance are or are not the result of actions of the applicant taken after the adoption of the regulation in question;
3. Whether the requested variance is the minimum variance to relieve the applicant of an unreasonable burden caused by the application of the regulation in question;
4. Whether granting the variance would be injurious to the neighborhood or otherwise detrimental to the public welfare;
5. Whether the conditions or circumstances of the specific piece of property or the intended use of the property for which the variance is sought are of so general or recurrent a nature as to make it more reasonable and practical to amend the regulation in question.
