To The Town Council of Fort Myers Beach:

I respectfully request to be appointed to the Marine Resources Task Force. I grew up on this island and have always had an interest in protecting our water quality and natural resources. In addition, I have written countless stories on these issues for the Island Sand Paper, which I believe would serve me well on this committee as I am quite familiar with the problems our unique ecosystem faces.

I also serve on the Community Resource Advisory Board (CRAB) – a position I've held for two years – but I can assure that it won't be a conflict.

Thank you for your consideration!
