RE: Sign Ordinance Revisions

I have done some preliminary work on the above-referenced. I am hoping to be able to fairly quickly draft revisions that will bring the ordinance into compliance with current law. Unless I receive different direction from Council, I do not intend to change anything substantively from what is currently in the ordinance at this point. I hope to have a draft for your review sometime in August.

If you have any questions concerning the foregoing, please do not hesitate to contact me.
